MICKEY MOUSE & Friends

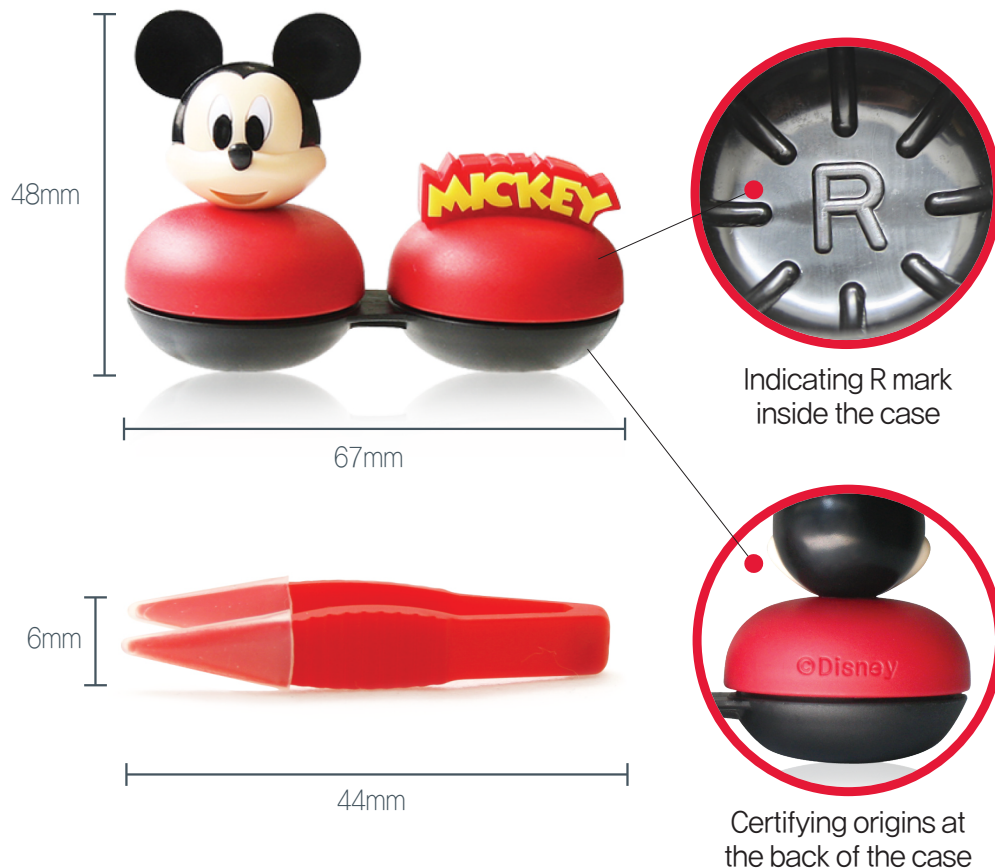

Design

3D CHARACTER LENS CASE

3D lens cases designed with Disney's facial shapes and names that has been implemented with an **assembly method**.

This product is made with using **Non-toxic PP** and ABS materials and can be used semi permanently as it's not been painted which allows to maintain the shape and color of the cases.

The pixelated 3D lens cases are released with having a concept of **Collection**.

High-quality assembly diagram

HAND MADE

Non-adhesive **hand-made** assembly method with 10 different parts

The products are manufactured **with 100% manual work** as Miottica does not utilize any glues or an adhesive.

Disney **5 characters** that are compatible with the **Disney Pool**
